Nurse Residency Program

The MGUH Nurse Residency Program provides Graduate Nurses with mentoring and support that are critical to their professional development. Our program is one of the elite UHC/AACN Nurse Residency Programs and includes the following elements:

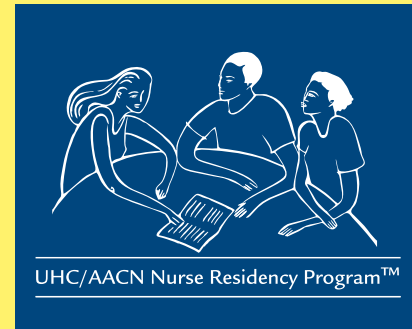

- Transitioning from being an advanced-beginner nurse to a competent professional nurse in the clinical environment
- Developing effective decision-making skills related to clinical judgment and performance
- Providing clinical nursing leadership at the point-of-care
- Strengthening Nurse Resident's commitment to nursing as a professional career choice
- Formulating an individual development plan for Nurse Resident's new clinical role
- Incorporating research-based evidence linked to practice outcomes into the care the Nurse Resident provides

As a MGUH Nurse Resident, you will need to meet the following criteria:

- Graduate from an accredited BSN program
- Willingness to commit to full-time employment for 2 years
- Participate in monthly seminar/learning activities
- Complete an evidence-based project related to unit specialty
- Complete evaluations of the program, preceptors and facilitators

For more information, please contact:

Sheri Cosme, MSN, RN-BC
Clinical Nurse Educator
Nurse Residency Coordinator
